Forced Love

Sebadoh

She don't need the guilt, she don't need the pressure
But she craves a guilty pleasure
She has no conscience, call her a seeker
Let her know if she can please you, shes eager to please youPit bull, heart breaker, forced love dictator
Is she as shallow as she seems?
Sweet, yet heartless, mindful, yet thoughtless
Left a kiss to find a conflict of interestGave myself away by what I didnt say
I tried to talk but my pride got in the way
And I would never dare to break her heart
Too scared and selfish to watch my security fallPit bull, heart breaker, forced love dictator
The boy that crippled all her dreams
Sweet, yet heartless, mindful, yet thoughtless
Left a kiss to find a conflict of interestAnd I would never dare
To break her heart
Too scared and selfish
To watch my security fallTake me back, I'm not proud
To share the glory if I'm allowed to
Cuz nothing can be lost
This magic never existedI hope I never miss it
Leave it alone, let it die
It can't be worth the pain we've hidden
Nothing will be lostA love that couldnt be trusted
Is it worth the time that well abuse?
Is it worth the time that well abuse?
Is it worth the time that well abuse?
