

I Hate You for It

Chad Brownlee

Are you a devil or an angel
Sent here from heaven or from hell
Sweet entrance I'm wrapped in your tangles
Can't find my way out of your spell

Girl theres an ace in your back pocket
And I know you're gonna play it 'cause you got it
you got that sweet look you know how to flont it
And you just what to do to make me want it

You gimme those eyes you know I can't fight
You gimme that look that I can't deny
You're in control and girl you know it
And I hate you for it!

I hate you for it
I hate you for the way you make me love you like I'm punch drunk crazy
You're in control and girl you know it
And I hate you for it!

Hell with my plans you know i'll break em'
if you temp me with them candy lips, i wanna taste em'
I know your game girl, I know what your doing
but it dont matter baby you still make me loose it

You give me those eyes you know i cant fight
You tell me boy im gonna make you mine
your in control and girl you know it
and I hate you for it!

I hate you for it
I hate you for the way you make me love you
like I'm punch drunk crazy
You're in control and girl you know it
And I hate you for it!

Are you a devil or an angel
Sent here from heaven or from hell
Sweet entrance I'm wrapped in your tangles

Can't find my way out of your spell

You give me those eyes, you know I cant fight
you give me that look that I cant deny
you're in control and girl you know it
And I hate you for it!

Oh I hate you for it
I hate you for the way you make love you
like I'm punch drunk crazy
you're in control and girl you know it
and I hate you for it,
yeah I hate you for it
'Cuz I think I love you girl
Oh yeah I love you girl
And I hate you for it!

Are you a devil or an angel
Sent here from heaven or from hell
