

# There's a Light

[Liz Vice](#)

There's a light in my life shining over me

There's a light in my life shining over me

Let your blessings from above fill me with that precious love

There's a light in my life shining over me Lord sometimes I sit and wonder why strange things happen to me

Then again I feel (my friends all gone), yeah

But if I put my trust in Jesus (my balance will return), don't you see

There's a light in my life shining over me Lord walk with me, talk with me, please stay close by my side

Be my shelter, be my comfort, be my guide, yeah

I was blind, but now I see, Jesus came and he rescued me

There's a light in my life shining over me There's a light in my life shining over me

There's a light in my life shining over me

Let your blessings from above fill me with that precious love

There's a light in my life shining over me
