I'm Here

Fantasia

I don't need you to love me
I don't need you to loveI got, I've got, I've got my sister
I can't feel her now
She may not be here
But she still mine I know
She still love meI've got my children
I can't hold them now
They may not be here, they're still mine
And I hope they know I still love themI got my house it still keep the cold out
I got my chair when my body can't hold out
I got my hands doin' good like they're supposed to
Showing my heart to the folks that I'm close toI got my eyes though they don't see as far now
They see more 'bout how things really are nowI'm, I'm gonna take a deep breath, hey
I'm gonna hold my head up
I'm gonna put my shoulders back
And look you straight in the eyeI'm gonna flirt with somebody
When they walk by
I'm gonna sing out, sing out, yeahI believe I have inside of me
Everything that I need to live a bountiful life, hey
With all the love alive in me
I'll stand as tall as the tallest treeAnd I'm thankful for each day that I'm given
Both the easy and the hard ones I'm livin'But most of all I'm thankful for
Lovin' who I really am
I'm beautiful, yes, I'm beautiful
And I'm here
