

Save

The Rocket Summer

I'm not feelin touch
I'm not makin that much
And I guess I am blessed
But sometimes its just hard to see it as such I'm stuck here alone in the traffic lines
While couples in love in the HOV fly by
I don't get it, I'm not askin for much
But everybody wants to just have somethin So I'll be pickin me up, breakin me down
I was lost, was I found?
I wanna feel everything
When everything feels wrong with me Take a look, embrace myself
Everybody wants to make it count
Save me, cause I can never float sinkin
Amaze me and I would be there holdin on for life Sit in there and gas it in, time to strap apartment
The walls are blank, its like they're talkin' to me
I put a picture on the wall, I took a chance, I took a fall
She took up fast and gracefully, yes, I was blind and now I see And I was pickin me up, breakin me down
I was lost, was I found?
I wanna feel everything
When everything feels wrong with me Take a look, embrace myself
Everybody wants to make it count
Save me, cause I can never float sinkin
Amaze me and I would be there holdin on for life And I could tell, from the picture I could feel
I was sinkin, throw me out, bring me back to life
The colors that my eyes had never seen
Well, I can see it now Save me, cause I can never float sinkin
Amaze me and I would be there holdin on for life
Save me, cause I can never float sinkin
Amaze me and I would be there holdin on for life So save me, save
Save me, save me
