Difficult

Uffie

Advisory - the following lyrics contain explicit language:

don't worry if i write rhymes, i write checks
don't worry if i write rhymes, i write checks
don't worry if i write rhymes, i write checks
it's difficultopening my book of facts
dreaming on a cadillac
i wonder why you push me on the front
while you stayed on the back
they jump all around me
they're screaming when they're next to me
it's difficultsorry i don't know what to say
i'm ruining everything you make
maybe i don't feel comfortable
when all the lights are set on me
i tried, it's too hard
i just wanna leave and hide
that's why i'm difficultokay, i don't wanna set a trend
if my choruses are not catchy enough
don't listen to them
i just wanna be fine
with no troubles on my mind
so i'm difficult
bring the bass here
swallow and dry up the tears
the life is too good
i don't wanna live in fear
that's why i scream at the world
i'm not trying to be the best
so don't worry if i write rhymes, 'cause i write checksdon't worry if i write rhymes, i write checks
don't worry if i write rhymes, i write checks
don't worry if i write rhymes, i write checks
it's difficulti'm using my voice
i'm singing the song

i'm using anything i can
to take what you own
at the end of the day
i will have done what i said
and if you chase me away
i will be back the next day
i'm the worst at this game
you don't want to play me
if i lose, i go down
you're going down with me
if i win, you know bitch
that it's all about me
i'm difficultyou better not put all your eggs in the same basket
right now it's all for uff
and i'm writing the checks
you know clothes come free
and drugs come free
it's just on ghost writing rhymes
that's i'm spending my feedon't worry if i write rhymes, i write checks
don't worry if i write rhymes, i write checks
don't worry if i write rhymes, i write checks
it's difficult
