Got Me (feat. Rory Sky)

Silvastone

(Please don't take this the wrong way)
But I'll be looking at you sideways
Like saying you the finest
You know I'm a lioness
Anyway you know I'm gonna break
Cause I'll be thinking about you daily
Wanna put you on my playlist
Do you in a base hits

Girl, can you feel that?
Bass and the drum, can you feel that?
No discussions when we in that
I don't mean it to show you something
Like oh, you and me gonna make history
Like oh, we gonna get high like Bob Marley

Refrain:
Said I feel it in the air and chica be like
And the way that you move your thing I'll be like ohh, ohh, ohh, ohh

Your energy and your vibe is
Making me feel relentless
I mesmerize thru me
Connecting you right thru me
Wanna know you babe all day
When you're angry or you wanna play
This connection is crazy
Please be my baby

Oh yeah, I'll be crusin' in a wildtown thinking about you
Oh yeah, you got me feelin' high, no worried of a lie is true
Oh yeah, so let's go to a place and escape me and you
Oh yeah, just me and you, oh yeah yeah

"Refrain"

Oh yeah, I'll be crusin' in a wildtown thinking about you
Oh yeah, you got me feeling high, no worried of a lie is true
Oh yeah, so let's go to a place and escape me and you

Oh yeah, just me and you, oh yeah yeah

"Refrain" 2x
