Redemption

Conjure One

I know that you
I know that you've gone away
Well, don't you leave me now

How can you say?
How can you even take away?
Well, baby don't you know
You took my breath away?

Oh, can't you see
Don't you know you're a part of me
So, don't start cryin' now
'Cause baby

Every day seems so long
Every day since you've been gone
On my own for a while at least
Well, baby, you took my breath away

How can I forget your sweetness?
Your sweet embrace?
How did I ever let you go?

Now that you're gone
It's hard to think
It's hard to breathe sometimes
But that's the way it is

Every day seems so long
Every day since you've been gone
On my own for a while at least
Well, baby, you took my breath away

No matter how far it may seem
I'll always be there for you
Everyday
