Reckless

Judas Priest

No one can stop me know
I'm like a human dynamo
Live wired and chargin' out with power
This time I won't hold back
I'm rarin' to get up and go
Fuelled up and growin' by the hour
Look out!
I'm blastin' through the lines
Alive and kickin'
Watch out!
I'm young and lethal
I'm goin' from here until eternity
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
Comin' at gale force ten
Around me I feel the shock waves
Building for the energy
A force field no one can break through
Solid as rock no wonder
I am indestructible
First placed in everything I do
Look out!
I'm blastin' through the lines
Alive and kickin'
Watch out!
I'm young and lethal
I'm goin' from here until eternity
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
Comin' at gale force ten
Radioactive field, I'm shootin' through the atmosphere
Takin' off I'm headin' like a rocket through the stratosphere
Look out!
I'm blastin' through the lines
Alive and kickin'

Watch out!
I'm young and lethal
I'm goin' from here until eternity
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
Comin' at gale force ten
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
I'm comin' at gale force
Comin' at gale force ten
I'm feelin'
Reckless!
Way outta hand, a real survivor
Reckless!
I'm comin' at gale force
Comin' at gale force ten
