

It's Over

Ty Segall

To the lights
There's a sign
To the center of your
Follow it's allowed
To the bottom and the center of the ground
Oh please
Say to me
That you'll stay there
Till you're freeIt's over, it's over
Oh, old friend, oh, it's over
It's over, it's over
Oh, old friendYou said it's okay
That you can ? all night and day
I know you won't grow
I know, I know, I know, I know oh ohIt's over, it's over
Oh, old friend, oh, it's over
It's over, it's over
Oh, old friend
