

# If You Don't Know

## The Explosion

Our eyes have seen the glory of the rise before the fall  
Times get tight no end in sight we've run into these walls  
Sit back and have a laugh let's talk about the things we've done  
And what we never have look how far we've come This is what we say  
This is what we are  
This is what we are And if you don't know you weren't meant to  
If you can't see don't even try to understand  
If you don't know, if you don't know  
If you don't know you weren't meant to Fortunate we are but fortunes come and go  
Buy yourself some time the years still take their toll  
Even when you think you got it sussed sometimes all that you can trust  
Is the sun will rise tomorrow and that's alright with us And if you don't know you weren't meant to  
If you can't see don't even try to understand  
If you don't know, if you don't know  
If you don't know you weren't meant to And if you don't know you weren't meant to  
If you can't see don't even try to understand  
If you don't know, if you don't know  
If you don't know you weren't meant to
