

# Round Round

## Far East Movement

We go round, round, round, round Everywhere that I go  
People know me by the way I flow  
I keep it moving in the right direction  
And everyday you know that's how I'm livin' It's alright  
Round, round, get around, I get around  
It's alright  
Downtown, boogie down, I get around It's alright  
Round, round, get around, I get around  
It's alright  
Downtown, boogie down, I get around Round, round, we go when we lookin' for hoes  
We line them up and knock 'em down just like tic tac toe  
We on the roll, spit and blows everyday of the week  
We might not gotta lot of doe but we get pay by the freak We moving east, different cites, different girls,  
different titties  
And we get them by the dozens calling grouping commities  
We get it busy like Bo, all the big college domes  
If you ain't takin' us home then you can leave us alone Everywhere that I go  
People know me by the way I flow  
I keep it moving in the right direction  
And everyday you know that's how I'm livin' It's alright  
Round, round, get around, I get around  
It's alright  
Downtown, boogie down, I get around It's alright  
Round, round, get around, I get around  
We go  
Round, round, round, round Three kids at the ocean show begging for change  
Saving up to buy an aeroplane to take us away  
My crew has been around the block so all the girls know my game  
Plus my milk money is sour way past the date So let's go where we can grow a pound of dope we could roll  
Rock a show in Tokyo and kick a foot Ohio  
Put the O with Oreo, we owe the power of soul  
Round and round we go but where we stop nobody knows It's alright  
Round, round, get around, I get around  
It's alright  
Downtown, boogie down, I get around It's alright  
Round, round, get around, I get around  
It's alright  
Downtown, boogie down, I get around Yo, come and get it, come and check it, see what we got  
We about to set it, 'bout to wreck it makin' you hot

Out your shoes, out your socks, gettin' high off the pot  
So stay in tune, please don't move and keep the station on lock 'Cause we fly round the world so hold it down  
while we go

Haven't been home in a minute and my head's gettin' low  
I'll be back but gone tomorrow with the wind when it blows  
'Cause I'm gonna rock the microphone till I'm a 100 years old Everywhere that I go

People know me by the way I flow  
I keep it moving in the right direction  
And everyday you know that's how I'm livin' It's alright  
Round, round, get around, I get around  
It's alright

Downtown, boogie down, I get around It's alright  
Round, round, get around, I get around  
We go

Round, round, round, round It's alright, it's alright  
It's alright, it's alright  
It's alright, it's alright  
It's alright, it's alright
