

Dance With Me

Adam Green

Heart and soul
Baby, there's no goal
Turn the lights on bright
You're a rock and roll star Feel my love
Coming from the heavens above
When my eyes meet your eyes
You know it's true Baby, come dance with me
Baby, come dance with me
On TV, at the TV station Baby, come dance with me
Baby, come dance with me
On TV, at the TV station You are lost and I'm at home
And nobody wants
To be here alone Ooo, baby's in mint condition
Man, I'm doin' some dirty wishin'
Let's both get on that rocket to the stars Baby, come dance with me
Baby, come dance with me
On TV, at the TV station Baby, come dance with me
Baby, come dance with me
On TV, at the TV station Baby, come dance with me
Baby, come dance with me
On TV, at the TV station Baby, come dance with me
Baby, come dance with me
On TV, at the TV station Baby, come dance with me
Baby, come dance with me
On TV, at the TV station
