

Happy With What You Have to Be Happy With

King Crimson

And when I have some words

This is the way I'll sing

To a distortion box

To make the music singthen, I'm gonna have to write a chorus

Gonna need to have a chorus

And this seems to be as good as any other place to sing it till I'm blue in the face, yeah, were gonna need to have a chorus, gonna have to write a chorus, and this seems to be as good as any other place to sing it till I'm blue in the face. Happy with what you have to be happy with to be happy with what you have you have to be happy with what you have, happy with what you have to be happy with you have to be happy with what you have, to be happy with what you have, you have to be happy with what you have to be happy wiiiith
