

Heart by Heart

Demi Lovato

When your soul finds the soul it was waiting for
When someone walks into your heart through an open door
When your hand finds the hand it was meant to hold
 Don't let go
 Someone comes into your world
 Suddenly your world has changed forever

 No there's no one else's eyes
 That could see into me
 No one else's arms can lift
 Lift me up so high
 Your love lifts me out of time
 And you know my heart by heart

When you're one with the one you were meant to be find
 Everything falls in place, all the stars align
When you're touched by the cloud that has touched your soul
 Don't let go
 Someone comes into your life
 It's like they've been in your life forever

 No there's no one else's eyes
 That could see into me
 No one else's arms can lift
 Lift me up so high
 Your love lifts me out of time
 And you know my heart by heart

So now we've found our way to find each other
 So now I found my way, to you

 No there's no one else's eyes
 That could see into me

 No there's no one else's eyes
 That could see into me
 No one else's arms can lift
 Lift me up so high
 Your love lifts me out of time

And you know my heart by heart
