

# Beyond the Law

## Iggy Pop & James Williamson

We don't do what we're supposed to, see?  
We got no manners anyway  
There's danger in our honesty  
'Cause trouble comes to those who're free  
Can anybody hear me when I call?  
The real scene is out beyond the law  
Some people say we're negative  
They say we take and never give  
They say our lives are an escape  
But the truth is in the sound we make  
Can anybody hear me when I call?  
The real scene is out beyond the law  
We don't believe in anything,  
we don't stand for nothing  
We got no V for victory,  
cause we know things are tougher  
We don't believe in anything,  
we don't stand for nothing  
We got no V for victory,  
cause we know things are tougher  
The straights all hate the sound we make  
Because they know their walls will shake  
So when they say our vibes are bad  
They're running scared and looking sad  
Can anybody hear me when I call?  
The real scene is out beyond the law  
Beyond the law  
Beyond the law  
Beyond the law  
Beyond the law  
Beyond the law  
Beyond the law  
Beyond the law
