

# Love More

## Pop Beatz

'Til we get it

I'mma get it... 'til we get it...[Chris Brown]

You say all you need is consistent love

When I try I swear it's never enough - I messed up

Maybe this thing here just ain't meant for us

Baby you let go and I pull you back

I let you go, you ain't having thatWe do it like we rock stars

Sexin' in my hotel room, I be so loud

Higher than a smoke cloud

Shades on doin' 95 wit' the top down

I might sound crazy

Cause' we be goin' back and forth

One minute I hate you, I love you

That's just how it is'Til we get it right we gon' fuck some mo' ('til we get it)

I'mma get it (I'ma get it), 'til we get it ('til we get it)

'Til we get it right we gon' fuck some mo' ('til we get it)

I'mma get it (I'ma get it), 'til we get it ('til we get it)[Chris Brown]

Why is it all so complicated

Baby this should be simple, it's drivin' me mental

But when you back it up it really drives me crazy

And you know what I'm into, make me forget what we arguin' about

AyeeeeWe do it like we rock stars

Sexin' in my hotel room, I be so loud

Higher than a smoke cloud

Shades on doin' 95 wit' the top down

I might sound crazy

Cause' we be goin' back and forth

One minute I hate you, I love you

That's just how it is'Til we get it right we gon' fuck some mo' ('til we get it)

I'mma get it (I'ma get it), 'til we get it ('til we get it)

'Til we get it right we gon' fuck some mo' ('til we get it)

I'mma get it (I'ma get it), 'til we get it ('til we get it)[Nicki Minaj]

Yo, he don't know me but he settin' up to blow me, uh

Said my Twitter pics remind him of Naomi, uh

On the low I used to holla at his homie, uh

Fuck it, now I'm about to ride him like a pony, yeah

Okay, thug prolly, yo come polly

He wanna fuck a bad Dolly and pop Molly

I hope your pockets got a muthafuckin' pot belly

Or is it that you never ball? John Salley  
He had the Rolls in his Royce, the tone in his voice  
Don't want a good girl, now hoes is his choice  
D-D-Dick on H, pussy on W  
Mouth on open, ass on smother you  
Ass on the cover too, Elle Magazine  
Vroom, vroom, vroom, get gasoline  
Could I be your wife? Naw we could bang though  
I got these niggas whipped - call me Django 'Til we get it right we gon' f-ck some mo' ('til we get it)  
I'mma get it (I'mma get it), 'til we get it ('til we get it)  
'Til we get it right we gon' f-ck some mo' ('til we get it)  
I'mma get it (I'mma get it), 'til we get it ('til we get it)
