Against the Waves

blessthefall

How will I find the strength?!
To make it out when you're pulling me under!
How can I make them see?!
You're so worthless to me!
Recognize what lies before me!
I will stare death in the face!
Recognize what lies before me!
I'll stand against the waves!!So talk all you want
You can't see us
But we're at the top now
Never lost our way
Can't break our stride
You don't have what it takesWe hold our own
On our own
Still undefeatedI know it's hard to stay true
With vultures pulling at you
But if it's all the same
They'll find the worst in you
If we can take what we know
And give them somewhere to go
So if it's all the same
They'll find the worst in youI won't be used!
I refuse to be!
I refuse to be misled!
All the bullshit I've been fed!
You're worthless to me!!Don't count us out
The more you push only fuels the fire
We've paid the price
We're taking back
What you took awayWe hold our own
On our own
Still undefeatedI know it's hard to stay true
With vultures pulling at you
But if it's all the same
They'll find the worst in you
If we can take what we know
And give them somewhere to go
So if it's all the same
They'll find the worst in youNothing can last forever!!!Nothing can last forever!!

I won't let you tell me how to live my life!
You can't control me!!
I won't let you tell me how to live my life!
You'll never bring me down!!Bring me down!I know it's hard to stay true
With vultures pulling at you
But if it's all the same
They'll find the worst in youI know it's hard to stay true
With vultures pulling at you
But if it's all the same
They'll find the worst in you
If we can take what we know
And give them somewhere to go
So if it's all the same
They'll find the worst in youThey'll find the worst in you!!So if it's all the same!
They'll find the worst in you!
