Good Ol' Fashioned Love

The Overtones

The kind of love that I've been lookin' for
I'm not sure they make it anymore
It's easy to fall for a pretty smile
It works real good for a while 'til the new wears off
And it starts to fall apartI want a well-made, out-of-style, good ol' fashioned love
The kind that stays together when the going gets too tough
I don't want a new love, they just don't last long enough
I want a well-made, out-of-style, good ol' fashioned loveI know it's a rare thing now to find
But I just don't want any other kind
A love like that's worth a sacrifice
If the heart's been broken, I can fix it up
All I need is someone like meWho wants a well-made, out-of-style, good ol' fashioned love
The kind that stays together when the going gets too tough
I don't want a new love, they just don't last long enough
I want a well-made, out-of-style, good ol' fashioned love
I want a well-made, out-of-style, good ol' fashioned love
