

Part of Heaven

Gary Chapman

Bed of hay, earthen floor
Strangers walk through the door
Oh, I wanted much more for You Look at Him, can't you tell
All is fine, all is well?
And the Word of the angel was true He's part of you and He's part of me
He's part of Heaven
He's part of you and He's part of me
He's part of Heaven By my side everyday
Underfoot and in my way
Give me wisdom, I pray, O Lord He is ours for awhile
Every tear and every smile
Till He's everyone's Child to adore He's part of you and He's part of me
He's part of Heaven
He's part of you and He's part of me
He's part of Heaven He's part of you and He's part of me
He's part of Heaven
He's part of you and He's part of me
He's part of Heaven He's part of you, He's part of me
He's part of Heaven
He's part of you, He's part of me
He's part of Heaven
