

# Pseudo Culture

## Slothrust

Baby pictures on the wall,  
but who notices things like that anymore?  
Take your pills and go to school  
Pseudo-culture fucks me all the time, all the time.  
But what time is it? I heard you got out, I heard you got married.  
I heard some other things I cannot legally repeat right now.  
I heard your hair grew, I heard you wear makeup.  
I heard you make up all of the stories you tell. You're immune to all my shit.  
But sometimes it seems like it still gets to you,  
do I get to you?  
We could play it off like nothing will happen,  
since nothing really happens around here.  
We could play it off like we never failed.
