

Modern Magic Formula (For Bass Players)

Biffy Clyro

Hey little man
Let me sing my song
Or I'm gonna freak out freak out
Become a dominator
A violator You can't give it all that it needs
You can't give it all that it needs You can't give it all that it needs
You can't give it all that it needs All we need is
Magic formula
A whole new backbone
Is what we're looking for
So you wanted to change the world
But I didn't believe you
That's why we'll say goodbye to good old days son I'm trying the best I can
But there's a white flag burning in the middle of our hands
I'm tired of being exposed
And I don't know how much more of this I can stand Hey heaven's whore
Let me sing my song
A cranial freak out freak out
Freak out freak out... You can't give it all that it needs
You can't give it all that it needs You can't give it all that it needs
You can't give it all that it needs All we need is
Magic formula
A whole new backbone
Is what we're looking for
So you wanted to change the world
But I didn't believe you
That's why we'll say goodbye to good old days son I'm trying the best I can
But there's a white flag burning in the middle of our hands
I'm tired of being exposed
And I don't know how much more of this I can stand I'm trying the best I can
But there's a white flag burning in the middle of my hand
I'm tired of being exposed
And I don't know how much more of this I can stand
