

# Live It Up

## Da Brat

Nine six, it's Da Brat nigga  
We jackin' these niggas for they beats and shit  
Ya know what I'm sayin'?  
Put this shit in ya mothafuckin' mouth  
Niggas know when they see the afro sym-boool  
They embrace themselves  
Lock doors and hold their breath  
For the black on black beamer drivin'  
Shittin' on niggas time after time  
And on da west side is confinement  
It ain't no gettin' outta line with me, I stays ready  
Split a mothafuckas shit fo free if necessary  
Gotta love for gettin' blunted  
What you wanna do, I done it bitch  
And about to do it again  
So run and tell ya friends I'm comin'  
My motto is make it all and never miss a buck  
I walk around attitude 'cause I don't give a fuck  
However you gotta get it get it without getting stuck  
I'm witcha 'cause life ain't shit if you can't live it up, live it up  
My motto is make it all and never miss a buck  
I walk around attitude 'cause I don't give a fuck  
However you gotta get it get it without getting stuck  
I'm witcha 'cause life ain't shit if you can't live it up, live it up  
The next destination is to be the greatest heavyweight and undisputed  
Due to dem other bitches to the back of the bus with nothing much to it  
My millions my main concern fucka factions and hurting feelings

It's niggas that'll care just to kick it  
With a real bitch gettin' real rich quick  
Live it up to the fullest notch set up the plot  
Life expect to see levels drop, it's on again and it don't stop  
Anotha tantrum for crematin' mothafuckas in random  
Leavin' none standin' keep da big willies hold 'em for grants  
The money it cost to be boss is high my all time condition  
To da day I die that's why I be the best for this position listen  
Cleavage decorated wit ice flooded pieces  
I live for drop top corneshes and new releases  
Bouncin' in little islands I can't even pronounce

Way out laid out by da beach smokin' a whole fuckin' ounce  
This nigga stay jiggy flashy my name ain't baby  
It's Da B R A T, Miss Harris if you get nasty  
My motto is make it all and never miss a buck  
I walk around attitude 'cause I don't give a fuck  
However you gotta get it get it without getting stuck  
I'm witcha 'cause life ain't shit if you can't live it up, live it up
