There Is Nothing

Clem Snide

There is nothing in the world
I wouldn't do for you
'Cause there is nothing in this world
If I can't share my love with youSo many people in the world
They don't realize
So many people in this world
With troubled thoughts and angry eyesAll the riches of this world
Can't compare to your smile
And if only for a kiss
I would walk a thousand milesThere is nothing in the world
I wouldn't do for you
'Cause there is nothing in this world
If I can't share my love with you
