

# If U Were My Man

Sarah Connor

Ooh oh oh if u were my man  
If u were my man, I could be your fantasy  
And if u were my man, I'd give you sweet ecstasy  
Yeah if u were my man, what I'd do  
If u were my man, if u were my man  
Boy I see you lookin' at my body  
With that look in your eyes, your eyes  
And even though you're standing with your girl  
You've got me on your mind, on your mind  
Boy I'd love to touch your heaven  
Ooh just sit back enjoy the ride  
There's so many things that I want to do  
Baby with you, oh baby baby  
If u were my man, I could be your fantasy  
And if u were my man, I'd give you sweet ecstasy  
Yeah if u were my man, what I'd do  
If u were my man, if u were my man  
I'm not into stealin' other lovers  
But we both know this game, this game  
And lookin' at the way you want me baby  
I know you feel the same, ooh baby  
Boy I'd love to kiss your heaven  
Just sit back enjoy the ride  
There's so many things that I'm gonna do

Oh baby with you, oh baby baby  
If u were my man, I could be your fantasy  
And if u were my man, I'd give you sweet ecstasy  
Yeah if u were my man, what I'd do  
If u were my man, if u were my man  
If u were my man, I could be your fantasy  
And if u were my man, I'd give you sweet ecstasy  
Yeah if u were my man, what I'd do  
If u were my man, if u were my man  
Boy I'd love to show you heaven  
Oh just sit back enjoy the ride  
There's so many things that I'd like to do  
Oh baby I'd love to come together with you  
If u were my man, I could be your fantasy

If u were my man, I'd give you sweet ecstasy  
If u were my man, what I'd do  
If u were my man, if u were my man  
If u were my man, I could be your fantasy  
And if u were my man, I'd give you sweet ecstasy  
Yeah if u were my man, what I'd do  
If u were my man, if u were my man  
If u were my man
