Platinum hits I'm droppin' them, louie kicks I'm rockin' them
So zip your lips it ludacris and bitch it ain't no stoppin' them
Silly hoes I'm sockin' them, fifteen's in the trunk I'm knockin' them
Why the 5 percent 10 on this bentley windows always blockin' them
Cause Lil Scrappy my partna dem, Tity Boi I'm on tha block with him

Dolla Boy he be robbin' them, and Lil Fate I ride with the drop with him
I Doug we be swappin' them, get a couple of bills and poppin' them
Ching a ling what's DTP but we had to end up droppin' them
Now B.X.C. my partna dem, Willy and P what's poppin' slim
DTP still going strong and all these hoes be jockin' them
Doin' them and bopin' them, screwin' them chop-chopin' them
Notorious like B.I.G. and he even got a lil of pockin' them
Now new artists we shoppin' them, air ones we stockin' them
Hit the dealership get a brand new whip and then we hoppin' them
Bad boy like blockin' them, it's going down like Joc and them
Chaka Zulu and Jeff Dixson I'm going all the way to the top with them

And Conjure Cognac is coming soon no diss just rockin' them
