

# Sweeter Than the Day Before

## The Valentinos

You, my love, is bubbling over  
And every day brings us a little bit closer  
You've got me dreaming, night and day  
Dreaming, dreaming, I'll fade away  
Something inside has made me decide  
That your love is good for me  
Piece of mind with you I find  
And your love growing sweeter all the time  
Sweeter than before (Sweeter than the day before)  
Every day with you, darling (Sweeter than the day before)  
I love you more and more (Sweeter than the day before)  
Oh, yeah, listen (Ohhhh)

I said it's high, you know you can't get over  
It's so deep, you can't get under  
Like a hand on a clock that keeps winding up  
Your love never stops, oh, no  
Something inside has made me decide  
That your love is good for me  
Listen, piece of mind with you I find  
And your love growing sweeter all the time  
You keep pulling me back (Sweeter than the day before)  
'Cause I need you so (Sweeter than the day before)  
And I love you, girl (Sweeter than the day before)  
Oh, yeah, oh, yeah, play it for me, now (Ohhhh)

You keep it growing, darling (Sweeter than the day before)  
I tell ya, I can feel it, our love (Sweeter than the day before)  
You're so good for me, darling (Sweeter than the day before)  
Oh, yes, you are, yeah, let me tell you (Ohhhh)

Sweeter, sweeter, sweeter  
It's growing sweeter everyday  
Everyday with you, darling  
I love you, I tell you, more and more  
Yes, I do (Ah)  
Baby, I've got to have it  
You know I need your love  
You've got just what I need
