Spring Break-Up

Phone Trio

It was the last night at the Holiday Inn
There was a fire on the beach
I was trying to talk to some other girl
And she was bird dogging me
I finally had enough
I pulled over to the side
Brushed her hair back and looked her strait in the eye
It was a spring break-up,
Baby don't cry,
You ain't from here and neither Am I
We gotta little drunk
And had a good time
It's a Spring Break-up
Baby bye bye
Bye bye bye bye
Baby bye bye bye bye
No I don't need your number
Don't want to be your Facebook 'Friend'
I hate to break it to ya
But you won't ever see me again
If am a bad guy, well I don't mean to be
But there's a beach full of buddies
Acting just like me
Spring break-up,
Baby don't cry,
You ain't from here and neither Am I
I know we gotta little drunk

We had a good time
Now It's a Spring Break-up
Baby bye bye
Bye bye to the night that we shared
The memories we made on that ol' beach chair
So long to the beer in that kiss
Hope it don't take you long to get over this...
Spring break-up,
Baby don't cry,
You ain't from here and neither Am I
I know we gotta little drunk

And had a good time
Now It's a Spring Break-up
Spring break-up,
Baby don't cry,
You ain't from here and neither Am I
We gotta little drunk
We had a good time
Now It's a Spring Break-up
Baby bye bye
Bye bye bye bye
Baby bye bye
Bye bye bye bye
Baby bye bye
Bye bye bye bye
Baby bye bye
Bye bye bye bye
