

# Asap

## T.I.

Advisory - the following lyrics contain explicit language:

Asap, asap, asap, asap, asap, asap  
Ay, ay, ay, ay, ay, you niggaz better exit  
Asap, asap, asap, asap, A-S-A-P, A-S-A-P  
Asap, asap, asap, asap, A-S-A-P, A-S-A-P  
Asap, asap, asap, asap, A-S-A-P, A-S-A-P I'm on my grind, grand hustle, got the mind and the muscle  
50 carats in the crown just to shine on you suckas  
I still tote the Glock 40 for the haters and the bustas  
Fuck probation, if a nigga try to play me I'ma bust him  
I don't need no security, reaching for my jewelry  
Get you niggaz popped quick, filled full of hot shit  
Fresh out the box tip, hot than a drop 6  
Made a quarter mil' in the pen givin' stock tips Haters wanna stop tip, mad 'cuz they not tip  
Ball every summer so your baby mama jock tip  
You don't want no drama pimp, I promise I do not slip  
Chrome 4-5th, hid well if the cops trip  
Bought my girl a hummer with the chrome right in front of dat  
5 carat stones with the platinum all up under dat  
Rap beef, I ain't gonna participate in none of dat  
I'm aimin' at your fitted cap and you ain't gonna want none of dat A nigga try to play me, I'ma blow him off the  
map A-S-A-P  
Ask anybody who runnin' a G, bet they finna say me A-S-A-P  
Niggaz hatin' on PSC, get straightened A-S-A-P  
A nigga try to play me, I'ma blow him off the map A-S-A-P I know a lotta rappers don't like me, but they won't  
fight me  
Feds swear I sell dope, well why they won't indict me?  
Advances on the throne, I ain't never take it lightly  
But all that tongue-wrestlin' hatin' while I'm gone don't excite me  
How many rappers you know that could hold they own on Rice Street?  
East steady talkin' on the cell phone nightly  
Normal population, half the jail just like me  
Policies think Im crazy, scared a nigga gon' strike me Contrarily, a nigga tryin' me is unlikely  
They barkin' don't bother me, I'll be bombin' 'for they bite me

They just shocked to see my rap's exactly how my life be  
 Shiesty, with a conversation quite pricey  
 My fist so rocky and wrist so icy  
 Might be, thrown off my rocker just slightly  
 Feisty, claimin' hot temper don't ignite me  
 I'm only gonna ask ya find the exit once politely A nigga try to play me, I'ma blow him off the map A-S-A-P  
 Ask anybody who runnin' a G, bet they finna say me A-S-A-P  
 Niggaz hatin' on PSC, get straightened A-S-A-P  
 A nigga try to play me, I'ma blow him off the map A-S-A-P Flip, say who known to the land and the people  
 My plan is to keep you at least 2, levels under me where I need you  
 I'ma take advantage of my chance to defeat you  
 Your true colors done shown, now it's on when I see you  
 I'm grown nigga, so let it be known, we ain't equal  
 You sadly mistaken if you thinkin' I can't reach you  
 Beat you, to a fuckin' pulp if I need to  
 The very spot ya standin' in then is where I'll leave you Seen on the scene, white tees and the v-suits  
 O.G. status, I don't beef unless I need to  
 Sissy you way outta line and you runnin' outta time  
 Hang behind closed do's when ya heard I got some time  
 Yeah, I know you were thinkin', "Outta sight and outta mind"  
 But Im the wrong one for you to try if you were tryna shine  
 Listen nigga, this shit here is more than just a lotta rhymes  
 I don't know what ya do for your respect, but I'ma die for mine A nigga try to play me, I'ma blow him off the  
 map A-S-A-P  
 Ask anybody who's runnin' a G, bet they finna say me A-S-A-P  
 Niggaz hatin' on PSC, get straightened A-S-A-P  
 A nigga try to play me, I'ma blow him off the map A-S-A-P Asap, asap, asap, asap, asap, asap  
 Asap, asap, A-S-A-P, A-S-A-P  
 Asap, asap, asap, asap, asap, asap  
 Asap, asap, A-S-A-P, A-S-A-P
