Everything Sucks

[Reel Big Fish](#)

There's a Ska band on my street
A little ska band, everybody thinks that they're so *** neat
There was nothing on the radio
Was gonna make my own band play my own show
That don't work, so I'm giving up againShe said she loved me 'cause I played guitar
That's okay, I didn't love her at all
And I say giving up becauseI know everything sucks, yeah
I know everything sucks, whoa
I know everything sucks, yeah
And this is gonna be the last time
You hear me complainWell, I went down to the show
Everybody was there, I didn't wanna go, well, here we go
'Cause everything they do is so *** cool
Every song is a hit and the girls like 'em too
I can't do that, so I'm giving up againI don't know why I learned to play guitar
Nobody's gonna know who we are
And I say I'm giving up becauseI know everything sucks, yeah
I know everything sucks, whoa
I know everything sucks, yeah
And this is gonna be the last time
You hear me complainShe said, some day, we'll get back together maybe
And she said, Some day, things'll be much better, baby
But I don't believe her
And I don't think I need her anymore'Cause I know everything sucks, yeah
I know everything sucks, whoa
I know everything sucks, yeah
And this is gonna be the last time
You hear me complain
