

More Than Meets the Eye

Europe

Now he walks in shadows
He's tryin' to pretend, she never walked away now
But it's not deceivin'
He's closer to an end he never could foresee
Where love goes, when love dies
Heaven knows
But it's more than meets the eye
So much more than just a last goodbye
It's a cold and lonely heart, so sad and torn apart
Yes it's more than meets the eye, oh
Now he's in for trouble, his luck has turned away
Nobody seems to care, no
Well there's a cold moon risin'
And another lonely day has passed and she's not there
Where love goes, when love dies
Heaven knows
But it's more than meets the eye
So much more than just a last goodbye
It's a cold and lonely heart, so sad and torn apart
Yes it's more than meets the eye, sing it
Oh yeah, uh uh
Ooh, there's a cold moon risin'
Ooh it's another lonely day
It's more than meets the eye
So much more than just a last goodbye
It's a cold and lonely heart, so sad and torn apart
Yes it's more than meets the eye, yeah
So much more than just a last goodbye
It's a cold and lonely heart, so sad and torn apart
Yes it's more than meets the eye
