Freak

Estelle

I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
Every day of every week
This is something that I love, listen, I'm about to teach
Every single girl should embrace their inner freaky freak
Don't be scared, don't be shy, yes, you gotta let it be
I can give instructions if you like to, like to hear me speak
Let me see those handcuffs off
Let me see that leather gear
Kiss him, slap him, pull his hair
Make him your bitch in here
He wanna see you get down low
He wanna hear you, hear you go
I can be a freak
Every day of every week
However do you want it?
(However)
However do you need it?
(Do you need me?)
However do you want it?
(How)
However do you need it?
(Do you need me?)
However do you want it?
(However)
However do you need it?
(Do you need me?)
However do you want it?
However do you

I can be a, I can be a
I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
Every day of every week
F-R-E-A-K
Let me be your freak
(Okay)
Superman lover
I'll pitch your tent with a XL M.agnum under cover
She know the deal
Ass look better in a 9 inch heel
One left in my room like Cinderella
Hand full of chicks, no better get ill
Freak to the bone even if your mom home
I'm beatin' still
Killed them chicks when I see you in the club
Better write your will
Approach with caution
Careful how you handle my drill
Yeah
And we freakin' still
However do you want it?
(However)
However do you need it?
(Do you need me?)
However do you want it?
(How)
However do you need it?
(Do you need me?)
However do you want it?
(However)
However do you need it?
(Do you need me?)
However do you want it?
However do you
I can be a, I can be a
I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak

I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
Every day of every week
He wanna hear you say that
I can be a freak
Every day of every week
Ha, yes, they tell you so fly
Right down, right down to the shoes
Wanna spin these fellas 'round?
Ladies, this is how you do
Whip your hair, do your smile
Tell him this is nothing new
Take it out the box
If he wanna see you in the nude
He wanna see you handcuffed out
He wanna see your leather gear
Kiss me, slap me, pull my hair
He wanna see me smack that there
He wanna see you get down low
He wanna hear you, hear you go
I can be freak
Every day of every week
However do you want it?
(However)
However do you need it?
(Do you need me?)
However do you want it?
(How)
However do you need it?
(Do you need me?)
However do you want it?
(However)
However do you need it?
(Do you need me?)
However do you want it?
However do you
I can be a, I can be a
I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak
I can, I can be a freak

Every day of every week
