

Cavalry Captain

The Decemberists

I am the cavalry captain, I am the remedy to your heart
I am the common collector, I am imprinted upon your skies

And when you shine, shine your eyes, looking lost, looking bright
We're away on a light brigade and it's only for a second
And if only for a time, and if only for a second
And if only for a time we'll be alive
We'll be alive, oh oh oh oh oh

I am the cavalry captain, I am the remedy to your heart
I am the common collector, I am imprinted upon your skies

There is a world, there is a time, lookin' calm, lookin' kind
We'll all wait at the end of day and it's only for a second
And if only for a time, and if only for a second
And if only for a time we'll be alive
We'll be alive, oh oh oh oh oh

I am the cavalry captain, I am the remedy to your heart
I am the common collector, I am imprinted upon your skies
