

Stronger

Smash Into Pieces

I know you long to play,
In your old mental way,
Come here and eat your loss,
I'll own you like a boss,
You run in circles,
Some people never learn I, I'm gonna survive
I'll stand up and fight,
It's making me stronger, stronger
I, I'm gonna go wild,
And battle it out,
It's making me stronger, stronger
I'm stronger This is my favorite game,
You're mean but I'm insane,
Thinking that I would break,
Would be your last mistake,
A storm is coming,
I'll teach you to obey I, I'm gonna survive,
I'll stand up and fight,
It's making me stronger, stronger
I, I'm gonna go wild,
And battle it out,
It's making me stronger, stronger
I'm stronger Cuz' sticks and stones,
Won't break my bones,
Nothing hurts a freak like me,
Come through it all,
Still standing tall,
I kill my agony,
It's time to let the games begin I, I'm gonna survive,
I'll stand up and fight,
It's making me stronger, stronger
I, I'm gonna go wild,
And battle it out,
It's making me stronger, stronger
I'm gonna go wild
Making me stronger, stronger
