

# Always / Never

## Manic Street Preachers

Always, never on my mind  
Always, always out of time  
Always, always letting someone down  
Always, always wanting more  
Always, always stand-alone  
Always, always getting something wrong  
Longing for, it's been a long time longing for  
To carry the sky away  
Always, never said I've done  
Always, always change my mind  
Always, always trying to succeed  
Always, never facing you

Always, never being true  
Always, always gonna be this way  
Longing for, it's been a long time longing for  
To carry the sky away  
Always, never  
Always, never  
Always, never  
Always, never  
Always
