

Jangling Jack

Nick Cave & The Bad Seeds

Jangling Jack
Goes Yackety Yack
Visits the home of the brave
Hails a fat yellow cab Jack wanna celebrate
Jack wanna big drink
Driver drops him at a bar
Called the Rinky Dink Jack pushes through the door
And he crosses the floor
Tips his hat to a man
Grinning in the corner Going do da do, going do da do
Going do da do, going do da do Says, I'm Jangling Jack
I go do da do
I wanna Rinky Dink Special
I wanna little umbrella too And he flops on his stool
Sees the grinning man laugh
So Jack laughs back
Jack raises his glass Says, God bless this country
And everything in it
The losers and the winners
And I said, good guys and the sinners The grinning man says
Buddy it's all Yackety Yack
Whips out a little black pistol
Shoots a bullet in Jack I hear now Jangling Jack do da do, do da do
Jangling Jack, do da do, do, do
Jangling Jack, do do do, do
Jangling Jack, do da do, do, do Hey buddy Jangling Jack flies off his seat
Crashes through the door
Lands in a heap on the street Hears his mother's voice
Going, do da do
Jack is shouting, mummy, mummy
Mummy is that you? He sees the berserk city
Sees the dead stacked in piles
Sees the screaming crowd
Screams, where am I? Going do da do, going do da do
Going do da do, going do da do
Oh yeah Jangling Jack, do da do, da da do
Jangling Jack, do da do, do, do
Jangling Jack, do da do, do, do
Jangling Jack, do da do, do, do Oh, mummy, mummy Well, Jangling Jack

As a matter of fact
Crawls through the crowd
Back into the bar Jack crawls to his stool
Jack drags himself up
Falls back down on his ass
In a puddle of blood Going goodbye mummy
Goodbye ma
Then Jack doubles over
And he vomits and dies Going do da do, going do da do
Going do da do, going do da do
Oh yeah Jangling Jack, do da do, da da do
Jangling Jack, do da do, do, do
Jangling Jack, do da do, do da do
Jangling Jack, do da do, do, do
