

# Anomaly

## Kid Cudi

This is another story, another anomaly  
We'll make it gory, the ears will bleed  
This is another story of an anomaly  
I don't what's taking long  
[?] still taking long  
I know they see I'm animal, I am the fear of an animal  
I am the fear of an animal, [?]  
I am the fear of an animal, I am the fear of an animal  
I am the fear of an animal, [?]  
I see you eat that [?] the goose on the beach  
Oh beautiful horror, this is a beautiful horror  
This is another story of another anomaly  
We'll make it gory, the ears will bleed  
Save him, save him, save him, save him
