

Stars Dance

[Selena Gomez](#)

Wake up to your dreams
And watch them come true
I'll make you whisper my name, and never leave the room
Night and day, i'll be your muse
No other girl can make you feel the way I do
I can make the stars dance
Light up the moon, I can make the stars dance
If you want me to
The sky is everywhere, so meet me under there
I can make the stars dance dance dance for you
Don't be afraid, close your eyes
Let me take you to places you've never been tonight
I thought by now you'd realize I can do anything I put my mind to
I can make the stars dance
Light up the moon, I can make the stars dance
If you want me to

The sky is everywhere, so meet me under there
I can make the stars dance dance dance for you
Everything I touch turns to love
Everything I do will open up heaven
Instead-stead-stead of us falling, we're flying in love
Nothing's forever because we are just star dust
I can make the stars dance
Light up the moon, I can make the stars dance
If you want me to
The sky is everywhere, so meet me under there
I can make the stars dance dance dance for you
I can make the stars dance
I can make the stars dance
I can make, I can make, I can make the stars dance
The sky is everywhere, so meet me under there
I can make the stars dance dance dance for you
