

M79

Vampire Weekend

It's gonna take a little time
While you're waiting like a factory line
I'll ride across the park
Backseat on the 79
Wasted days you've come to pass
So go, I know you would not stay
It wasn't true but anyway
Pollination yellow cab
You walk up the stairs
See the French kids by the door
Up one more flight
See the Buddha on the second floor
Coronation rickshaw grab
So go, I know you would not stay
It wasn't true but anyway
Racist dreams you should not have
No excuse to be so callous
Dress yourself in bleeding Madras
Charm your way across the Khyber Pass
Stay awake to break the habit
Sing in praise of Jackson Crowther
Watch your step along the arch of
No excuse to be so callous
Dress yourself in bleeding Madras
Charm your way across the Khyber Pass
Stay awake to break the habit
Sing in praise of Jackson Crowther
Watch your step along the arch of glass
