Forevermore

Aaron Shust

Long before the earth Before there was light

Lord You were

Endless are You God

No time can contain all you are There's no other God before You

There is no other one to replace you

You are forevermore

And there's no other God I call to

You are the One I cling to

You are forevermoreFaithful are You God

You never change

Lord You are

Only You are God

Forever You reign above it allThere's no other God before You

There is no other one to replace You

You are forevermore

And there's no other God I call to

You are the One I cling to

You are forevermore There's no other

No on Greater

There is none like You

There's no other

No on Geater

There is none like YouThere's no other God before You

There is no other one to replace you

You are forevermore

And there's no other god I call to

You are the one I cling to

You are forevermoreThere's no other God before You

There is no other one to replace you

You are forevermore

And there's no other god I call to

You are the one I cling to

You are forevermore You are forevermore
