

# Victory (feat. Nas & John Legend)

## DJ Khaled

They doubted me all my life  
Now it's Victory Whatever it is, I'll pay the cost  
I'm willing to risk it I'll take the loss  
I put it all on the line  
In a hustler's state of mind Yeah, I'm gonna make history  
Just so we can claim victory, victory  
Oh, victory, victory, Nasir Speedboats, three tokes and pass it  
Grass lit, hitting slopes in Aspen  
No coke, just an oath to stay thorough  
Till we're back to ashes Driven in fly sedans to the MGM Grand  
Picture lots of sand, two blondes, implants, remy in hand  
We tryin' to tan, deal my cards with an honest hand A modest man, aware of any kind of scam  
Palm trees, magnum Don P's, LV Monograms  
Hottest girls flew from Rio  
Mohitos, mucho frio, my libido Sex so strong, without the 'e' though  
Hollow threats, we don't see those  
Higher death toll whenever we roll  
That process is pivotal My pitiful poverty struck criminals will get at you  
Then we lounge at a Spanish style house  
Till it all blows over, Dolce Cabanna out  
Contemplating, there is no bond with Satan Say a little prayer for me like Aretha Franklin  
For my hustler's, here's some motivation  
He who has begun is half done, why you waiting?  
I'm too impatient to pray, Too much patience for stress There's too much paper to rest, fuck around you face  
death  
I know some niggas from Astoria that'll cut your daughter up  
Like I used to cut a quarter up  
Making all the bucks, banana clips are bought in Georgia Bucks kill all you fucks, easy  
I'll be on the golf cart sleepy, ya'll beneath me  
Ya'll be at the pawn shops pawning watches  
Obnoxious, can't stop us we shocked 'cause You say you're killing Pablo? Impossible  
Nas says preposterous, bizarre at best  
Unfulfilled promises, I feel intelligence is my wealth  
However, how enormous is Nas' pockets is a pop quiz to gossipers See me at the Oscars looking dreamy, Hood  
opulent  
That means esoteric how I wore it  
Exoticness, makes you curious to see how serious my closet is  
Shareholders want to invest in that Nas stock, it's just We be on that real shit, luxury four wheel shit  
Niggas acting first on some just got a deal shit

Ha, for that victory we will kill shit  
Get out the way playboy, this is real shit  
Khaled Whatever it is, I'll pay the cost  
I'm willing to risk it I'll take the loss  
I put it all on the line  
In a hustler's state of mind Yeah, I'm gonna make history  
Just so we can claim victory, victory  
Oh victory, victory Just so we can claim victory  
Oh victory, victory yeah  
Just so we can claim victory  
Hey, yaye, yea, yea
