

# Let's Runaway

## Dido

And before I start the day  
I have a glimpse of how I used to feel  
When we drove all night and laughed all day  
Thinking nothing can go wrong  
And now our hands are full and walking in the dark  
I don't know what's below or what's above

But it doesn't matter now  
Don't look back  
Don't look back

Let's run away  
Then tomorrow won't be the same  
Let's go away  
Then today won't feel the same

And don't look up and don't look left or right  
And trust me now and we'll be fine  
I'll take your fear and send it out, to sea  
And you'll forget every little thing you've seen

And it doesn't matter now  
Don't look back

Oh, let's run away  
Then tomorrow, won't be the same  
Let's go away (go away)  
Then today won't feel the same

Oh, let's run away (run away)  
Then tomorrow won't be the same  
Let's go away  
Then today won't feel the same

Let's run away  
Then tomorrow won't feel the same  
Won't feel the same
