

On A Saturday

Four Year Strong

The face of another day
Searching of the voice of a better way
They say that it's a bad time of year to be up in arms
So we're pushing on because we know in our hearts It's the only way
To stay afloat with the sharks at bay
Avoid being a casualty of the circumstances
And second chances are shredded day by day Will your legs fail you
When you stand too straight and tall?
'Cause the world's gone mad
The taller you are, the harder you fall Sail up into the night sky until our worlds collide
Tonight we feel alive
Stand up where I can see you, no reason left to hide
Tonight, we feel alive You asked, what would I stand for
Truth is, I stand for this
It's passion perfected fashion neglected
A natural infection of all we have seen It's the only way
Since we discovered we had a say
Found that the world's not as cold and gray
As our circumstances
And second chances, living out the days Will your legs fail you
When you stand too straight and tall?
'Cause the world's gone mad
The taller you are, the harder you fall
I won't stand for this Sail up into the night sky until our worlds collide
Tonight we feel alive
Stand up where I can see you, no reason left to hide
Tonight we feel alive
Tonight, tonight, tonight Stand up where I can see you
No reason left to hide
It's the only way, it's the only way Tonight we feel alive
It's the only way, it's the only way
Tonight, tonight, tonight Will your legs fail you
When you stand too straight and tall?
'Cause the world's gone mad
The taller you are, the harder you fall Sail up into the night sky until our worlds collide
Tonight we feel alive
Stand up where I can see you, no reason left to hide
Tonight we feel alive Tonight we feel alive
Tonight, tonight, tonight
