Favourite Undies

Fatcat & Fishface

One, two, three!
When you've got your favourite undies on, the world's a brighter place.
When you got your favourite undies on, the world's a brighter place.
When you got your favourite undies on, you got your favourite undies on, you got your favourite undies on, the world's a brighter place.

Dikadiedie dikadidikadididikadididika (etc)

When you got your favourite undies on, the world's a brighter place.
When you got your favourite undies on, the world's a brighter place.
When you got your favourite undies on, you got your favourite undies on, you got your favourite undies on, the world's a brighter plaeeeeeesah.
