Randy Described Eternity

[Built to Spill](#)

Every thousand years
This metal sphere
Ten times the size of Jupiter
Floats just a few yards past the earthYou climb on your roof
And take a swipe at it with a single feather
Hit it once every thousand years
'Til you've worn it down to the size of a peaYeah I'd say that's a long time
But it's only half a blink
In the place you're gonna beWhere you gonna be?
Where will you spend eternity?
I'm gonna be perfect from now on
I'm gonna be perfect starting nowI will say I forgot
It was only yesterday
And it's all you had to say
