The Last Redemption

W.a.s.p.

Take me, shame me
Made you to lay my name on your tongues
Hate me, slay me
It's danger to hang my face on your wallsTake me, change me
I'm nothing, the crowns of thorns on your hearts
Oh, oh can you change me, save me?
Will you love me nailed to your Neon Cross?If I die for you, will my life have counted?
Give me the truth, would it mean anything?
Oh, if I die for you, will I die for thousands?
Oh, give me the truth, will you ever remember me
Oh, if I die for you?We're dying for you
I lied to thousands
[Incomprehensible]
I am deceitFalling for you
I was the God with
Disciples at my feetGive us the truth
I'm Lord to no man
Telling us true
It's all lies you seeGive us the truth
Messiah to thousands
With love's blood on my feetJust give us the truth
I lied to thousands
Telling us true
I sowed what you'll reapGive us the truth
Messiah of nothing
Disciples at my feetI am no God of all your lost religions
Prophet for love
You could never see, you all believed
Oh, I was the chosen oneI'll please the crowds and die out loud
Take my name in vain
Cast it on the long forgotten windI messiah nothing
Oh why, why'd you made me God?
I wanna dieNo, don't come to me
No, don't believe in you, God of love
Oh, won't you see
I can't deceive no more?No, don't believe
I'm no redeeming God of love
Your God, you see's
All make believes NeonWhen I'm gone

Will you all still need your
Dangerous Gods?
You'll never see, we all deceive
Oh, until we're here and goneOh mother please, what'd you do to me?
Anoint my head with oils
Dark descent to madness, be my friendI messiah nothing
Oh why, why'd you made me God?
I wanna dieNo, don't come to me
No, don't believe in you, God of love
Oh, won't you see
I can't deceive no more?No, don't believe
I'm no redeeming God of love
Your God, you see's
All make believes NeonYou're fucked for life
Die for us, oh, Messiah, please
You're fucked for life
Die so we'll all believeI messiah nothing
Oh I, oh, I'm a throw away for life
I messiah nothing
Ooh, why would you remember anymore if I die?Oh, all I need was someone to love me
Oh, all I needed was one
There's no one who caresOh, all I need was someone to love me
Oh, all I needed was one
There's no one who caresOh, tell me, my Lord, why am I here?
Surely, not to live in pain and sorrow
Are we to live in pain and fear?Oh, tell me, my Lord, why am I here?
Are we to hide inside and fear forever
A never ending road of tears
Oh, tell me, my Lord, why am I here?Are you still Neon God?
(I won't go away)
Still an iconThrilling Neon
(It won't go away)
Dying for their loveStill the God of
(It won't go away)
Thrilling NeonKilling their God
(Go away)
Spilling all your bloodCan you save your Neon
If I fade away?
Show them their wrongAnd die today
A crucified son
A martyr for their loveYou were never my God
Yours to blame
Can you walk on waterYours to slay
Come off your cross
And resurrect your GodNo, don't come to me

No, don't believe in your God of Love
Don't come to me
I can't deceive no moreNo, don't believe
I'm no redeeming God of love
Your God, you see's
All make believe NeonNo, don't come to me
No, don't believe
Don't die for me
You're all deceived for love
