All You Have

Number One Gun

And what I saw today
Was more than I can take
I'll say this honestly
I was afraidAnd the pieces are coming together now
But there's still just so many things to figure out, this time
There's so many things
That I would want the world to take awayThis time it feels so right
And its time is done, it's time to run
And it's all you have, it's all you have for nowLeave the past, there's nothing left
And it's over now, I'll show you how
And it's all you have, it's all you have for nowYou know it 'cause you thought about it
And when you sing about it, it's all right
Don't be afraid to let it goAnd the pieces are coming together now
But there's still just so many things to figure out, this time
There's so many things
That I would want the world to take awayThis time it feels so right
And its time is done, it's time to run
And it's all you have, it's all you have for nowLeave the past, there's nothing left
And it's over now, I'll show you how
And it's all you have, it's all you have for nowAll this pain, it's a shame, you never talk about it
You know in so many words it's all right
It's a game on your face, you know you can't deny it
And now it's you in the dark until sunriseThis time it feels so right
And its time is done, it's time to run
And it's, it's all you have for nowLeave the past, there's nothing left
And it's over now, I'll show you how
And it's all you have, it's all you have
