

Comeback Girl

Jacob Young, Trygve Seim, Marcin Wasilewski, Slawo

My comeback girl, woo! This is my comeback girl
This is my comeback girl
This is my comeback, this is my comeback girl (x2) Stay in on the weekends
Watching what I'm eating
Dancing with my demons
That's how I'm dealing now Drunk in the hallway
Pissing in the doorway
Finished with the foreplay
That's how I'm feeling now This is my comeback girl
This is my comeback girl
This is my comeback, this is my comeback girl
You know I've been untamed for far too long
I don't want you to worry about me no more, baby This is my comeback girl
This is my comeback girl
This is my comeback, this is my comeback girl (x2) Packing all my emails
Thanking all my females
Smacking up the retail
That's how I'm dealing now Sticking in the sofa
Drinking orange soda
Take it like a soldier
That's how I'm feeling now This is my comeback girl
This is my comeback girl
This is my comeback, this is my comeback girl
You know I've been alone for far too long, yeah
You shouldn't have to notice if I'm clean lately, Mary
I don't want to die inside the detail Listen to me
And listen to me cha
Listen to me
Listen to me
Listen to me Can't you feel me coming?
Can't you feel me coming?
Can't you feel me coming? Coming? Coming?
Woo-oo! This is my comeback girl
This is my comeback girl
This is my comeback, this is my comeback girl (x4)
