Getaway

Firefall

Tell me you love me, say that you do
Take my heart and steal away
Place you above me, compensate you every way
Treat me in the same old wayGo on and leave me, get up and go
Hurt me like you never could
The way you deceived me always left you lookin' good
Little Miss MisunderstoodYou been stealin', lyin'
Dealin' malice every day
You been feelin', tryin'
Hard to make your getawayTell me you love me make me believe
Everything you'll ever say
Take my tomorrow, give me back my yesterday
Treat me in the same old wayYou been stealin', lyin'
Dealin' malice every day
You been feelin', tryin'
Hard to make your getawayYou been stealin', lyin'
Dealin' malice every day
You been feelin', tryin', baby
Hard to make your getawayYou been stealin'
Stealin', stealin', stealin'
