Gold

Atb

My feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purestYou are goldMy feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purestYou are goldMy feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purestYou are goldMy feet just need some action, and I am out of patience
May I ask you to fix it, I'll come a little closer
Somehow you remind me, as I watch you from the distance
Your eyes are the purestYou are goldYou are gold
Somehow you remind me, as I watch you from the distance
Your eyes are the purest
You are gold
